President's Message

This year marked twenty-five years since the tragedy of 9-11. We lost a lot of good people that day for no reason other than hate and jealousy. There is not a day that goes by where I do not see something that reminds me of that day. The reminders are triggered every time I go to Manhattan, any reference to a firefighter or thoughts about people I knew who did not live past that day. It was a tragic day and we must always remember.

Starting with my generation and the generations that followed, this Country has changed, and not for the better. When our forefathers came to this Country as immigrants, they came with the idea of becoming American. The goal was to assimilate to become a citizen of our great Country, united as Americans. Unfortunately, the new generations come to this Country without love for America or a desire to become American. They come here with the intention of changing America to become something it is not. This Country is a democracy, where people have the right to free speech. However, free speech is not disparagement of another person because of religion, it is not the use of violence against people with whom we disagree, it is not about hating people who do not belong to your political party and it is not about hating America.

When we elect our leaders, we should elect leaders who believe in America and whose allegiance is to the citizens of America first. It should be with leaders that want to unite the people of this Country as Americans, not divide us.

The right to vote is not only an inalienable right, it is also a responsibility. In this Community we turn out 18 to 21% of our population to vote. This is not acceptable. People like to complain about the people in office but when given an opportunity to do something about it, eighty percent of the people do nothing. If we voted our voices would be louder and the Community, as a whole, would benefit. Do your research for November 3 rd 's election and take the time to vote.

On a good note, this year the Marine Park Community is celebrating 100 Years as a Community. We are celebrating the milestone on October 22, 2026 at Buckleys. The party will start at 7:30 PM. The cost for the event is $100 per person. A flyer for the event is included in our newsletter. If you are interested in purchasing tickets you can purchase them through Liz Morrisey or you can visit Marine Park Hardware. We have limited availability so please purchase tickets as soon as possible.

Our Fall Festival is October 25, 2026, from noon to 3 pm. This is our biggest event of the year and we will be running the event with Assembly Woman Jaime Williams. This year the event will be held outside the Carmine Carro Center. Please put this event on your calendar as it is a great opportunity for the neighborhood to come together and meet your community board members and other neighbors.

Thank you for your support. Please stay safe and be strong.

BATTLE OF BEDFORD

New York is committed to honoring the sacrifices of those who serve our nation and their families. A new state law – establishing the Alex R. Jimenez New York State Military Immigrant Family Legacy Program – assists veterans, foreign-born family members of veterans and active service members in securing legal immigration status (Ch. 625 of 2024). While no words can fully express our gratitude, this measure takes meaningful action to ease their path to citizenship.
