MPCA an Organized Voice for the Community

May 16, 2023

### President's Message

As we head into the summer there are only two meetings left until we break. It has been a great year so far and I thank everybody for the support of myself and our community. It is so great to see our attendance increase at our monthly meetings and I look forward to continued growth as we move away from the Pandemic. On behalf of myself and the Board we thank you all for making Marine Park the best community in the City.

I would also like to thank all of our dignitaries and guests who appeared at the last meeting. It is a pleasure to see representatives of the 63 precinct in regular attendance at our meetings. They provide invaluable information about what is going on in our Community and they are always there to help if anybody has an issue in the neighborhood. For that we thank them and we look forward to their continued support.

I would also like to thank the elected officials who attended or sent representatives as liaisons from their respective offices to our meeting. On this note special thanks to Assemblywoman Jamie Williams, Councilwoman Mercedes Narcisse and District Manager Sue Ann Partnow for their continued support and attendance at our meetings. Their presence at the meeting gives our members a platform to speak about issues that may concern them and they are a direct line to the government. Over the past two meetings I have invited Senator Kevin Parker to our meeting. We have also tried to contact Senator Parker. We have completed eight of our ten yearly meetings before we end for the summer. There are still two more meetings and we are optimistic that Senator Parker will attend one of those two next meetings.

We also had some very good programming at our last meeting. Randy Peers from the Brooklyn Chamber of Commerce gave an interesting presentation on the development of businesses and vacant business properties. Additionally, Monika Zeitek gave an informative presentation on Medicare and the different types of coverages. Mr. Peers' presentation was shortened by the length of the meeting. We hope to have Mr. Peers back after the summer and we also intend to bring Ms. Zeitek back in the fall prior to Medicare enrollment for next year to provide insight and guidance on Medicare health coverage.

The Nominating Committee will present a new slate of officers and directors at our next membership meeting. The MPCA Board members are all volunteers who give their time to many projects. If you would like to volunteer please see one of the board members at our monthly meeting.

Thank you again for all your support. Please check on your neighbors and please help out when possible.

Please stay safe and be strong.

**Rob Mazzuchin**  
President, MPCA

## GENERAL MEETING NOTICE

**Tuesday, May 16th**

**7:00pm**

**David Schulman** from the Salt Marsh Alliance will be giving updates on the Salt Marsh Alliance and the Nature Center.

**At the Carmine Carro Community Center**  
**3000 Fillmore Avenue**  
**(between Madison Place and Marine Parkway)**

## Youth Engagement Summer STEM at Sea! (YESSS!)

Join Kingsborough Community College, in collaboration with BioBoat, this Summer for a 4 day (Mon-Thurs) FREE Summer at Sea adventure!  
 Youth aged 11-17 are invited to sign up for this program to explore the sea aboard the RV CUNY I vessel where they will discover New York City's hidden wilderness- the estuaries and beaches that truly make it a water city!  
 Youth will beachcomb and participate on the research vessel in a meaningful way as they are exposed to the excitement of scientific inquiry!

**ACTIVITIES INCLUDE:**

- Fish and Invertebrate Identification** - Catch fish with seine nets and invertebrates and later observe and identify them in the touch tank. Investigate shoreline habitats with field tools.
- Plankton Tow Identification** - Haul plankton nets and collect specimens. View under field and digital microscopes and identify in our floating lab.
- Oyster Reef Community** - Assist in the restoration of oysters to New York Harbor. Monitor growth, water chemistry and biodiversity in our oyster garden.
- Plastic Collection and Analysis** - Collect and categorize beach and water plastic using our microplastic trawl. Share findings with like-minded organizations to support efforts in the collection of plastic pollution data on oceans and sandy beaches around the world.

**To learn more or to sign up for the program, scan the QR code and fill out the form or contact Suet Lee, program coordinator at 718-368-5525.**

**SCAN ME**

This amazing free opportunity has been funded by Assembly Member Jaime Williams of the 59th District and Assembly Member Stacey Pheffer Amato from the 23rd District.

**Parking Tickets  
Payment Plans**

The New York City Department of Finance is excited to announce the

availability of online payment plans for parking tickets that have not been paid and are in default – known as judgment debt. Those with \$350 and more in parking ticket judgment debt can now enter an online payment plan with DOF to make payments over time instead of paying all at once, which can prevent enforcement actions such as having a vehicle booted or towed.

Understanding that financial hardships or other challenges can arise, DOF is thrilled to provide New Yorkers with our new online payment plan system for a more convenient way to pay off parking ticket debt. Entering into an online payment plan with DOF and making payments in installments can prevent future enforcement actions, so don't delay and enter into an online payment plan today.

Enrollment and eligibility details here: <https://www.nyc.gov/site/finance/vehicles/services-payment-plans.page>

**Assemblymember Jaime Williams**

is now an official site for intake of old cellphones

for

Who Are Cell Phones For Soldiers:

Cell Phones For Soldiers is a national non-profit organization dedicated to providing cost-free communication services and emergency funding to active-duty military members and veterans. Since 2004, the charity has provided more than 400 million minutes of air time to servicemen and women deployed around the world, by recycling more than 25 million cell phones reducing the impact on landfills.
